To Whom It May Concern:

Re: Adam Kugel

Kugel Construction

Chehalis, Washington

I have known Adam Kugel as a businessman and a friend for about four years. He leased and is now buying a large piece of commercial property from me on Interstate Five in South Chehalis, Washington.

I have watched Adam operate several businesses and have found him to be impressive way beyond his years – also in my dealings with Adam I have never dealt with a more honest, mature, and totally committed individual.

I have owned several successful businesses in my seventy nine years and feel that this is a young man who will do big things in his lifetime.

If I were younger I would very much like to be involved with the Kugel Corporation and to share in the growth that I anticipate for this company.

Sincerely,

V.C. "Bill" Thompson
